Kids Love These Programs!

Foothills Park & Recreation District's Children's Programs have been providing Before & After School Care for over 35 years and are licensed by the Colorado Department of Human Services. We are committed to providing families with safe and healthy recreational and educational opportunities and strive to provide a safe, caring, nurturing environment by employing the highest provider standards. These programs are designed to promote and to build self-esteem, facilitate positive development through healthy interactions and to provide a continuum of care to assist children in becoming positive and healthy individuals.

All of our school age care programs provide children with fun enrichment activities that stimulate learning and imagination, encourage physical skill development and promote positive social skills.

Come play a game of chess, capture the flag, basketball, paint a collage, have some fun cooking with a friend, be an actor/actress for the day or just relax and do some reading or homework. The activities are endless.
