Message From the Principal

Dear Columbine Hills Community,

I hope you are all enjoying a relaxing and restful summer! I want to thank you all again for a great school year. Columbine Hills is truly a special community that works together to support students and families. Our mission, “Aiming for Success, Believing... Together We Can!” is truly played out each day through the partnerships between students, staff and the community to ensure our school is thriving and a great place for students.

The construction on our new playground will be starting soon! Thank you again for raising $12,000 to support this project. We are doing a community build on Saturday, July 20th. We will need 50 volunteers to help install the playground equipment! By doing a community build we were able to add additional equipment to our playground. We hope you will join us to create this great space for our students.

We know it is important for students to enjoy summer, while also continuing to engage in learning. There are so many fun activities throughout the summer that provide great opportunities for learning. Please help us reduce summer regression by having your student continue to read each night. The Jefferson County Public Library offers a great summer reading program with incentives. The CHE website also has great links for educational websites for summer practice.

Summer Reading Programs

Remember the importance of reading this summer! Research shows that children who do not read in the summer can lose two to three months of reading skills. Children who do read tend to gain a month of reading proficiency. There are two fun ways to keep your child reading. Checkout the summer reading program through Jefferson County public library and the one offered by Chipotle!

Dear CHE community – Words cannot express how touched I have been by all of you. My many years at CHE have been enriched by each and every one of you. You have all touched my life in so many ways. I can’t thank you enough for coming to our retirement celebration, the gifts and the kind words. But most of all, thank you for trusting and sharing your wonderful children, family members and lives with me. I have many, many fond memories that will stay with me for a lifetime. I will miss all you all.

These programs are designed to promote and build self-esteem, facilitate positive development through healthy interactions and to provide a continuum of care to assist children in becoming positive and healthy individuals.

All of our school age care programs provide children with fun enrichment activities that stimulate learning and imagination, encourage physical skill development and promote positive social skills.

Come play a game of chess, capture the flag, basketball, paint a collage, have some fun cooking with a friend, be an actor/actress for the day or just relax and do some reading or homework. The activities are endless.
